METHODOLOGIES FOR TREATMENT OF RESOURCES

The following items were formerly included as Supplement 5 or 5a, effective 10/1/87 and approved 1/25/88 (SPA 87-16).

SSI - RELATED MEDICAID AND PREGNANT WOMEN ELIGIBILITY

1. Resources of couple, where one member has been admitted to a long term care facility are combined for 6 months if this is to the advantage of the couple.
2. Resources may be spent-down to the applicable Resource Maximum if used for Medical or maintenance expenses.
3. Real property is excluded if the income it produces is significant to meeting living expenses and consistent with its fair market value.
4. Savings from excluded income are excluded.
5. Vermont does not use the first moment of the first day of the month in counting resources. If the applicant(s) is under resources at any time during the month, Medicaid is granted for the entire month if all other eligibility criteria are met.

ANFC - RELATED MEDICAID

For infants and children, the methodologies are the same as AFDC except that savings which can be demonstrated are solely from excluded income are not counted as a resource.
